

Vidita Dahiya

I am a hard worker with good communication skills with a strong background in programming. I am energetic person and eager to learn new skills. I can work as an individual and as a cooperative team-mate. I have a clear, logical mind with a practical approach to solve problems. I am flexible with any working hours. I am more interested to do coding work. I have a great ambition to work in a software industry. I have experience of an internship in the software industry.
